Jon,

Yes, we would like to establish this single access point along the southern edge of Linden Property Holdings LLC (LPH) going forward as our site redevelopment plans progress.

I have met John Hoffman on site and copied him on this email request.

Ray, thanks for calling. I don't think that will be an issue. Do you want that new access route effective immediately? If so, I need to let Ashland know.

Also, I'll let you know next time I plan to head out to Linden. Probably not until late spring/early summer.

Jon

John,

Good catching up with you and look forward to meeting you in Linden as work is planned on the Linden Chlorine Products (LCP) site.

Confirming that we are requesting future access to LCP be through the gate along the RR tracks on the southern edge of our property instead of through our main roadway.  
Please contact me prior to the next planned site visit.
